FLORENCE

INSTITUTE OF PARA MEDICAL SCIENCE

Recognised by the Govt. of Jharkhand
Affiliated to Jharkhand State Para Medical Council

PROSPECTUS

WELCOME

*From the desk of the
Secretary/Director*

As much as we need doctor there is also a need for para medical to work with patients and translate doctor's recommendation into real health improvement. Para medical not only prepare you for a great and financially rewarding carrier they also give you the knowledge and skills. You need to make difference in people live. This can take place in hospital, hospice, doctor's office, school, camp nursing homes, or patient's residence. "I want to make the world a better place" might be a cliché, but there a few better ways to do it that is by studying & practicing Para-Medical.

Md. Ahsan Ansari
Secretary/Director

ABOUT INSTITUTE

The Florence Institute of Para Medical Science based in Ranchi, Jharkhand, Indi. We are a non-profit organisation established with a vision of creating an equitable, integrate, decentralised and participatory health system within a just and empowered society.

Institute wants to strengthen the health system to ensure quality health care especially for the poor was established in 2016, as an accredited institution affiliated to Government of Jharkhand, recognised by Jharkhand State Para Medical Council, Located opposite Medanta Hospital on NH 33 of Ranchi Patna highway Irba, Ranchi, paramedical institute offers 6 causes.

To complement these facilities, we have a very competent and dedicated faculty, a well-run infrastructure-supported and guided by our founder – secretary & Director.

Certificate in Medical Dressing

In modern society with fast life and livelihood, Medical Dressing House has become matter of essential public requirement at every road crossing and densely populated habitation. Dressers are the first medical-Aid provider as doing very good private and independent practice without having very big infrastructural investment. Along with the above self employment option dressers are in great requisition in every medical organisation, private medical clinic, nursing home and hospital. Thus alongwith first-aid medical private practice a dresser can join the full time works in any above noted NGO's or Private and Govt. Medical organisations.

Courses	Duration of Courses	Minimum qualification
DRESSER	1 YEAR	Matric Pass

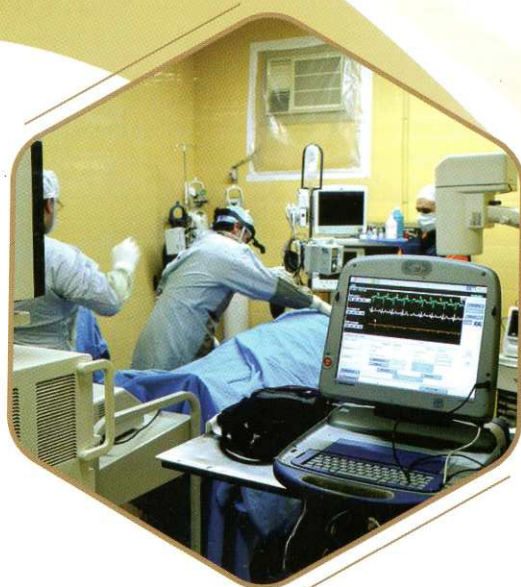

Diploma in Medical Laboratory Technology (DMLT)

Medical laboratory technology is the branch of medical science responsible for performing laboratory investigations relating to the diagnosis, treatment, and prevention of disease. The main subjects to be covered during the first and second year of this course are the same as for the Degree

Courses	Duration of Courses	Minimum qualification
DMLT	2 YEAR	10+2 (Pass) Science

Course. Within completion of two years of the above given course, the candidate after undergoing requisite course module, diploma will be awarded and also have an option to continue if desired, the degree course, within the requisite time schedule as mentioned in the degree course. The duration of the course is generally two years but it depends mainly on the criteria prescribed in different institutes in India. The course is career orienting and job providing in nature along with many further study scopes.

Diploma in Electro-Cardio Graphy

Electro Cardiology Technicians are required in every private clinic where cardiologists are practising. It is an essential aid to all nursing homes, govt. and private hospitals, Government's specialized and non- specialized medical service centres, and hospitals of all profiles. These days, there is a great shortage of E.C.G. Technicians as the incidents of

Hypertension and heart attacks have become major cause of death. Hence, prompt and appropriate Electro Cardiography not only help the physician in treating the patients, but the patient and his attendants can save maximum time to reach a cardiologist, Therefore, an E.C.G.

Technician can have even independent practice for its livelihood at any corner of the modern society. For E.C.G. Technician, private practising infrastructure cost is very small and they do not fall under consumer protection acts - 1986.

Courses	Duration of Courses	Minimum qualification
ECG	2 YEAR	10+2 (Pass) Science

Diploma in X-Ray Technology

The X-RAY Technology has a place of crucial importance in the diagnosis of various diseases. No hospital and nursing homes etc. can be managed without X-RAY and other diagnostic equipments today. To handle these equipments a team of experts like Radiologist, Physicists, Radiographers and Dark Room Assistants is necessarily required. Our medical X-ray technology course intends to meet the growing demand for qualified trained and skilled Radiographers required by various organisations associated with the health sector, such as medical institutions, hospitals and nursing homes, clinics etc. Even a trained radiographer can manage his own X-ray clinic in private sector under the supervision of a radiologist. There is shortage of properly trained and skilled radiographers in the state as well as at national level. The course provides a wide scope for employment opportunities in India and overseas as well.

Courses	Duration of Courses	Minimum qualification
X-Ray	2 YEAR	10+2 (Pass) Science

Diploma in Ophthalmic Assistant

Diploma in Ophthalmic Assistant is a 10+2 level ophthalmology medical course. Ophthalmic Assistant is a person who works with an ophthalmologist (eye doctor) to provide care to the patients. He performs many different eye-related clinical functions. Ophthalmic assistants help ophthalmologists care for patients by taking histories, performing various procedures and tests, and preparing patients to see the doctor. Their work provides the ophthalmologist with important information to help diagnose and treat patients. Diploma in Ophthalmic Assistant is of two years duration.

Courses	Duration of Courses	Minimum qualification
Ophthalmic Assistant	2 YEAR	10+2 (Pass) Science

Diploma in OT Assistant

Operating theatre technicians are a fundamental part of the operation unit working with surgeons, anesthetists and theatre nurses to ensure that every single procedure is as safe and successful as probable. The successful outcome of surgical process relies not only on the expertise of attending doctors and nurses but also on technical capacity, level-headedness and alertness of OTT.

Courses	Duration of Courses	Minimum qualification
OT Assistant	2 YEAR	10+2 (Pass) Science

DPMI in addition to core clinical skills and a sound knowledge of specialist equipment and drugs provides the students with the ability to reassure and support patients emotionally through the stressful experience of surgery.
